

Bridge Rectifiers

Features

- UL recognition, file #E230084
- Suitable for printed circuit board or chassis mounti
- Compact construction
- High surge current capability
- Solder dip 275 °C max. 7 s, per JESD 22-B106

Typical Applications

The KBPC series of single phase rectifier bridge consists of four silicon junctions connected as a full bridge. These devices are intended for general use in industrial and consumer equipment.

Mechanical Date

• Package: KBPC1

Molding compound meets UL 94 V-0 flammability rating, RoHS-compliant

 Terminals: Tin plated leads, solderable per J-STD-002 and JESD22-B102

• Polarity: As marked on body

■ Maximum Ratings (Ta=25°C Unless otherwise specified)
